**SUBJECT: NSC Meeting on European Public Affairs**  
**Issues (U)**

Your suggestion to hold an NSC meeting to address in a comprehensive way our public affairs posture toward West Europe is a timely one. I believe such a meeting would help focus Administration thinking on this crucial problem, and provide an opportunity to review options for Presidential speeches at and before the NATO Summit. Rather than a formal NSC meeting, however, I would suggest we hold an NSPG session to allow for maximum discussion and airing of views. It would be very helpful if you could prepare a paper to circulate in advance of such a meeting. I will work on scheduling one within the next several weeks at a mutually convenient time. (S)
